

**University of California Irvine Adult Neurology Program**  
Academic Year 2023-2024

**PGY2 Adult Neurology Schedule**

Block	1	2	3	4	5	6	7	8	9	10	11	12
Site	1	1	1	1	1	1	1	1	1	1	1	3
Rotations	Neuro critical care	General	General	General/stroke	Stroke	Stroke	Vacation/ Night Float	Vacation/ Night Float	Outpatient/ Night float	Outpatient	Outpatient	Child Neurology
Outpatient (%)	0	10	10	10	10	10	0	0	100/0	100	100	10
Research (%)	0	0	0	0	0	0	0	0	0	0	0	0

- \* Each Rotation Block is 1 month
- \* Site 1: UC Irvine, Site 2: VA, Site 3 CHOC (Children's Hospital Orange County)
- \* 4 weeks (28 days) vacation per academic year (PGY2-4)
- \* 1/2-day continuity clinics weekly throughout entire training (PGY2-4) years (for 40 clinics per year) except when on Vacation, Night float or ICU
- \* Research, Quality Improvement Project, and Attendance to at least 1 national conference throughout the training
- \* Inpatient rotations (Stroke/General/night float) include consults in the emergency room, primary service, neurocritical care unit with exposure to a very broad spectrum of neurological patients

**PGY3 Adult Neurology Schedule**

Block	1	2	3	4	5	6	7	8	9	10	11	12
Site	1	1	1	1	1	1	1	1	1 and 2	2	3	3
Rotations	Neuro critical care/ Stroke	General	General	Stroke	Vacation/ Night Float	Vacation/ Night Float	Outpatient	Elective	Outpatient	Psychiatry	Child Neurology	Child Neurology
Outpatient (%)	0/5	10	10	10	0	0	100	100	100	50	10	10
Research (%)	0	0	0	0	0 - 50	0	0	0	0 - 50	0 - 50	0	0

\* 4 weeks (28 days) vacation in PGY3

\* 2 weeks outpatient ambulatory rotation at site 2 during PGY3

**PGY4 Adult Neurology Schedule**

Block	1	2	3	4	5	6	7	8	9	10	11	12
Site	1	1	1	1	1	1	1	1	1	1	1	1
Rotations	General	Stroke	General/ Stroke	Vacation/ Night Float	Vacation/ Night Float	Outpatient/ Night float	Outpatient	Outpatient	Outpatient	Outpatient	Elective	Elective
Outpatient (%)	10	10	10	0	0	50/0	100	100	100	50-100	50-100	50 -100
Research (%)	0	0	0	0	0	0	0	0	0	0-50	0-50	0-50

\* 4 weeks (28 days) vacation in PGY4

**\* Notes:****Outpatient Rotations**

General Neurology

Headaches

Epilepsy

Vascular Neurology

Memory disorders

Movement disorders

Neuroimmunology

Neuromuscular Center

Neurooncology

Neuroophthalmology

Brain Repair Center / Neurorehabilitation

Electromyography (EMG)

Electroencephalography (EEG)

Neuroimaging

Traumatic Brain Injury

Neurogenetics

Neuropathology

**Additional Elective options**

Research

Intraoperative Neuromonitoring

Pain/Palliative Care

Sleep Medicine

Neurootology

Neuroimaging

Traumatic Brain Injury Program

Neurogenetics
